TROPICO INTER-URBAN SENTINEL

(Established 1910)

Published every Thursday at Tropico, California, and devoted to the best interests and future welfare of the most healthful city in the San Fernando Valley. Come and see for yourself.

Gertrude Gibbs .. Editor and Owner
Edith A. Cross Associate Editor
Telephone: Glendale 1500.

"Entered as second-class matter May 23, 1916, at the postoffice at Los Angeles, Cal., under the Act of March 3, 1879."

OFFICIAL PAPER OF THE CITY
Subscription, \$1.00 per year.

Advertising rates furnished on application. The Value of the Tropico Interurban Sentinel as an advertising medium is obvious when its field at the head of the San Fernando Valley is considered. The nature of the paper, the character of its subscribers and the class of advertising it carries tell the whole story.

HALLOWE'EN FUN

On the way home from Council Meeting the editor overtook a footsore schoolgirl who had been out for a hallowe'en frolic as a night prowler, chaperoned by a couple of matrons still susceptible to Hallowe'en's lure to innocent adventures. Her disguise was perfect and in spite of her tired feet she was in high spirits over the excitements of the evening.

The incident furnished another item to be entered in the catalogue of the special privileges of the little town where the annual hallowe'en game of hide and seek is as diverting to the Marshal and his deputies as it is to the roistering youngsters, and where women and girls can share the fun without danger or reproach. Were we in metropolitan Los Angeles or even dignified Glendale we might have to curtail our diversions.

SUBURBAN PHILOSOPHY

What advantages does a suburban town offer over residence in a city?

Briefly enumerated as they are set forth by enthusiastic suburbanites and real estate dealers, they are: A good home in a nice residence section for less money than it would cost in the city; more room for the same amount of money; better air and

TROPICO Interurban SENTINEL

therefore clearer sunshine; more democracy and neighborliness resulting in a social life difficult to secure in the city; lower taxes; more liberty to have chickens, cows, a garden and pet stock, and children.

The thing for Tropico and every other suburban town to avoid therefore is the making of living conditions hard or displeasing. It is well to be metropolitan to a certain extent, but it is not well to lose all the advantages which these towns possess as country prerogatives over the city. When therefore, there is a clamor for some restrictive ordinance, it is well to debate whether it will be for the best good of Tropico in the long run, whether it will attract new residents or boost property values.

Another thing which would help Tropico and every other town is a concerted effort to promote social life. We have churches, clubs and societies. Yes, but each represents a group of people working for the well being of its organization, independent of every other, except when some rare occasion brings them together.

If Tropico had a social organization independent of any political or business bias, where all would get acquainted on a common, friendly footing, it would do more for the town than the Ivanhoe bridge or any other of the things we are seeking and it might be the means of securing all the things we want. The good old books says: "Seek first the kingdom of God and all these things shall be added unto you." If every man and woman in Tropico were in friendly relationship with every other man and woman, we would be nearer the Kingdom of God than we are now, and it is quite possible that all these things we desire would be added unto us.

LIBRARY NOTES

Librarian Cushing reports that he has just placed on the shelves Davis' Travelogues in eight volumes, "Beacon Lights of History" and three detective stories, viz., "The Argyle Case" by Arthur Hornblow; "Exploits of Arsene Lupin" by Maurice Le Blanc; and "Martin Hewett, Investigator," by Arthur Morrison. An order was placed last Saturday for fifty new books of fiction which will probably be on the shelves by the middle of November.

CLASSIFIED COLUMN

PAPER hanging and tinting reasonable. All work guaranteed first class. Estimates furnished. C. Fromm, 249 East Third street, Glendale. Telephone 305-J.

KEEP TROPICO LAWNS green by using specially prepared fertilizer from MacMullin's Sanitary Dairy. Sunset 154.

TROPICO ASTONISHED BY MERCHANT'S STORY

A merchant relates the following: "For years I could not sleep without turning every hour. Whatever I ate caused gas and sourness. Also had stomach catarrh. ONE SPOONFUL buckhorn bark, glycerine, etc., as mixed in Adler-i-ka relieved me INSTANTLY." Because Adler-i-ka flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold.—Edwin Virden, Druggist.

HALLOWE'EN FUNCTIONS

The past week has been fruitful in social affairs which have been featured by hallowe'en festivities and decorations. Childhood, youth and old age have frolicked and a great deal of enjoyment has been garnered from these festivals. In addition to club functions, many private parties were given of which the Sentinel has gleaned reports as follows:

Tuesday afternoon Mrs. Morris M. Cook entertained in celebration of the seventh birthday of her little daughter, Doris. The sixteen guests were most of them pupils of the Keller School of dancing and prepared to respond to any good dance music. In preparation for the event the house was beautifully decorated. A breakfast room was converted into the semblance of a corn field, the stalks lining the walls with a big shock in the middle. Hidden in a haycock was a tub of water for the apple bobbing. Of course there were flowers in suitable places and a supper calculated to satisfy healthy boys as well as dainty girls, served on a charmingly arranged table with beautiful favors.

* * *

Fourteen young people of the Methodist church enjoyed a Hallowe'en party Wednesday evening at the home of Will Hewett on Gardena avenue. The usual yellow and black decorations emphasized the character of the festivity. Games were played and refreshments were served after which a flashlight picture of the scene was taken.

* * *

Ghosts with pumpkin heads and real live heads capable of emitting giggles were conspicuous in connection with the party given Saturday evening at the Crawford home, 916 Central avenue, by Margaret Crawford and Zelma Lindley. Lay figures on the outside silently indicated the way to the scene of festivities which was illuminated with more jack-o-lanterns. It was a masquerade party and games furnished the diversion of the evening. The list of young guests included: Margaret Frazee, Mildred Svenson, Lily Schick, Gladys Fansett, Millicent Alvord, Edith Schuyler, Lois Schuyler, Catherine Hendricks, Virginia Brewster, Dorothy Patterson, Dorothy Carmack.

Guy Bennett, Tom Lyon, Frank McGills, Courtney Wagner, William

Farner, Forrest Jordan, Valentine Hollingsworth, Vern Veckman, Glen Moore, Charleston White and Andrew McDonald.

A sheet and pillowcase party featured the meeting of the Round Table Girls at the home of Dorothy Hobbs last week Tuesday. Pumpkins and other hallowe'en decorations gave the proper setting, and Miss Vera McPherson told thrilling fortunes.

HALLOWE'EN SHOWER

Members of the Philathea class of the Presbyterian church were entertained Saturday evening at the home of Miss Reba Richardson on Brand Boulevard with a Hallowe'en party. Pumpkins figured conspicuously in the decorations and sheeted ghosts rigid and silent occupied corners and out of the way places in the reception rooms where chrysanthemums and bright hued apples made a cheerful note and seemed to share the hilarity of the guests. A wishing well was a conspicuous feature of the entertainment and when Miss Mary Jane Evans drew the slip which recorded her fortune she learned that it was to be found behind one of the ghosts, and sure enough, a package shower awaited her in the grim shadow of one of the sheeted figures. The twenty-four girls who participated were all members of the class or friends of Miss Evans, the guest of honor. Tamales, which seemed to fit the occasion well, were the chief item in the refreshment menu.

MISSES SCOTT ENTERTAIN

One of the largest functions of the past week was given at the Scott home on Cerritos avenue last Thursday evening by Misses Mabel and Grace Scott. It was a yama yama dancing party followed by a supper. The large reception rooms were beautifully decorated with chrysanthemums in the hallowe'en colors. About forty guests were entertained, some from Monrovia, some from Los Angeles, some from Glendale besides Tropico friends. A player piano furnished the music for the dance and the supper was served at the home of Mrs. Hornung, another daughter of the house who lives across the street from the Scott home. It was an elaborate affair and immensely enjoyed by all who participated.

WEDDING ANNIVERSARY

Mr. and Mrs. Charles Bruck of 432 North Glendale avenue last Sunday celebrated their thirteenth wedding anniversary with a supper at which twenty-three relatives and friends were entertained. A pink and white color scheme was carried out in the table decorations with pink and white cosmos in crocheted baskets. Mr. and Mrs. Bruck were married in Rock Island, Illinois. They were the recipients of some very nice gifts.

U AND I PARTY

Members of the U and I club are nothing if not resourceful. Monday evening they had a hallowe'en party at the home of Mrs. H. E. Atwater on Gardena avenue, the assisting hostesses being Mrs. Wayland Brown and Mrs. G. M. Adams. It was a masquerade party and included a number of stunts. The Virginia Reel was danced and there was a post office from which those who applied for mail received "fortunes." The great feature of the entertainment however, was a bonfire in the back yard around which the company circled in a witches dance. After that exercise they toasted wienies and marshmallows and enjoyed a hallowe'en supper. It was pronounced one of the most delightful parties ever given in Tropico. About thirty-five guests, including the husbands and children of members, enjoyed it.

Mrs. G. E. Martin of San Fernando Road entertained about thirty guests with a hallowe'en dancing party at the Magnolia school house Monday evening.

A meeting of the P. T. A. of the Cerritos school was held last week at which Mrs. A. H. Gaarder of North Glendale avenue was made temporary chairman to act until a president can be elected, Mrs. John Seaman having resigned the office. Also, the meeting day was changed to Friday. A business session will be held this week.

At the annual meeting of postmasters in Washington recently, the first assistant postmaster-general lauded the postal savings system. That must have been a bitter pill for Postmaster-General Burleson, who sat on the same platform with his assistant. When the postal savings bill was passed, Mr. Burleson, then a Congressman from Texas, voted against it. Every vote cast against it was cast by a Democrat. Not one Democratic Congressman voted for it. Yet President Wilson says the Republican party has not had a new idea in thirty years. Whose idea was it?

FOR SALE—A bargain. New bungalow, all conveniences. Inquire of owner, 219 Cerritos avenue, Tropico, Calif.

Return to Congress

NINTH DISTRICT

Hon. Charles W. Bell

A DRY REPUBLICAN

Independent Candidate

The only member of congress from this 9th District who has voted for National Prohibition. Stands for protection of American products and industries. Stands for preparedness, both military and economic. Stands for National equal suffrage. Vote for a republican who will be able to secure recognition from a republican congress and accomplish results for the district. Mr. Bell did not compete in the primary election. His candidacy is made by request of a republican district conference. His name will be printed on the ballot:

HONORS DISTINGUISHED GUESTS

Mrs. Charles Wallace Kimberly entertains today with a luncheon in compliment to Mrs. E. D. Knight of San Francisco, President of the State Federation, Mrs. Lloyd Harmon, President of the District Federation, and the officers and members of the Board of Directors of the Thursday Club. Covers will be laid for sixteen.

ART AND TRAVEL SECTION

Eighteen attended and fifteen enrolled for the Art and Travel Section of the Thursday Afternoon Club which met at the home of the President, Mrs. Charles Wallace Kimberly on San Fernando boulevard, Thursday the 26th. Every lady present responded with an account of what she considered one of the most pleasurable days of the vacation. Some of the days were spent at Riverside, some at San Diego, there were accounts of picnics at the beach, in the mountains and canyons, and one described a hike up Mount Wilson and the beautiful view seen from the summit. Mrs. Ella Richardson told of a day at Salem, a field day for shoe factory operatives. The president contributed a paper descriptive of her transcontinental automobile trip exhibiting in connection the souvenirs of travel collected on the way. Light refreshments were served and a very pleasant afternoon was spent.

ACCIDENT

Mr. Harry Dupree of 523 Cypress avenue, who is employed at the Box Factory, caught his hand in the machinery Monday afternoon and came near losing the index finger of his right hand. It was a bad cut but the finger was saved. He was taken to the Mission Hospital for repairs and will probably be absent from work for several days.

Postmaster General Burleson has granted Glendale an independent post-office, the order to take effect January 1st. There is great rejoicing in our sister city, which is giving much credit to Congressman Randall. Tropico is glad too, for the prosperity of its neighbors means increased prosperity for Tropico in the long run.

National Leaders Endorse Congressman Randall

Daniel A. Poling, Associate President United Society of Christian Endeavor of the World, Boston.

"My business takes me often to the National Capitol, where I have heard of the high esteem in which Congressman Randall is held by Congressional leaders and newspaper men. He has already taken a place as a national figure. The cause of National Prohibition would suffer inestimable damage in Congress if his district should fail to return him for the second term."

Dr. David Starr Jordan, President Emeritus Leland Stanford Jr., University

"My dear Mr. Randall:

"I saw Mr. Quick's notice of the bill introduced by you for the purpose of relieving the distress of the unemployed in Mexico. I believe it a step in the right direction. It will cost not one-thousandth part as much to make Mexico love us as it would to conquer her and make the nation a nest of hate for centuries to come."

Anna A. Gordon, President National Women's Christian Temperance Union

"My dear Mr. Randall:

"I am grateful to you for a copy of your splendid address on prohibition and hope it may have a very wide circulation. I should earlier have written you my word of sincere thanks and congratulation for your effort concerning the prohibition of liquor in our great National parks."

Rev. Edwin C. Dinwiddie, National Legislative Superintendent, Anti-Saloon League, Washington, D. C.

"You and the friends of our reform are to be congratulated upon the splendid showing you have made during your first session of Congress. I have heard nothing but praise for your conduct and diplomacy, and you have made hosts of friends among both leaders and the rank and file of Congress, and I am sure this will be of immense value in the future."

THE "DRY" CAMPAIGN

The Tropic trucks which will figure in the Dry Parade next Saturday are to be well decorated with bunting and patriotic colors. One of the floats will carry the children who will represent the Methodist Sunday School, another the children of the Presbyterian School, and a third a chorus drawn from the two churches and accompanied by Roger Baker, violinist, Ethel Baker and Dr. Lucas, cornetists. The trucks will probably leave the Methodist church

Dr. D. M. Gandier, State Superintendent California Dry Federation

"My dear Mr. Randall:

"Have been glad to hear from Mr. Dinwiddie, our National Legislative Superintendent in Washington, of the very effective work which you are doing in Congress. He bears strong testimony to your efficiency and I am glad to hear it."

Dr. Wilbur F. Crafts, International Reform Bureau, Washington, D. C.

"The first Prohibition Party Congressman, Hon. Charles H. Randall, has 'made good,' and we who promote moral legislation at the doors of Congress cry for more, and hope they will be sent from districts whose present incumbents have opposed or neglected temperance measures."

Dr. S. T. Montgomery, Superintendent Anti-Saloon League Los Angeles

"I congratulate you sincerely on the magnificent endorsement which the voters of all parties gave you in the Primaries. Your return to Congress to continue the splendid work which you have begun is assured. The cause of National Prohibition will be promoted by your re-election, while your defeat would be hailed by the liquor interests of the whole nation as a great victory for them."

Franklin Hichborn, Historian of the California Legislature

"Congressman Randall has hit upon a fact which it would be well for the California 'Drys' to consider. They are fighting not for California alone but for the whole Nation. If California goes dry this year, Mr. Randall declares the clean-up of the rest of the country will be comparatively easy. Incidentally, it may be said Congressman Randall is the first man to be elected to Congress on the Prohibition ticket. Not only is he a staunch Prohibitionist, but he is one of the most effective political workers in this State, a man to whom the State owed much before his district sent him to Congress."

at about 12:30 p. m. The riders in the Presbyterian truck will carry flags and across the breast of each child will be a badge "California Dry." Each child will wear the red fez designed by the W. C. T. U.

Obedient to the state wide call, Tropic churches will unite in an all-day prayer meeting for "California Dry" next Friday from 10 a. m. to 4. Next Sunday all the children in the Sunday schools will receive small badges which they will wear for three days bearing the words, "Vote for me. I cannot vote for myself."

TROPICO PROSPERITY

According to Mayor Peters, who keeps the weather eye of a practical real estate dealer roving over Tropic, the improvements now being made in the city aggregate \$25,000 or more. These include two houses on South Brand boulevard which are being constructed by Mr. Baker and Mrs. Stewart and which are valued at \$3000 each. There are two new houses building on Palmer avenue which are valued at \$2000 each, and there is one on East Moore avenue, one on Green street, one on Park avenue, between Brand and Central, and last but not least, the K. P. Hall at Park and Brand valued at \$7000. Mr. Peters also says that twelve private garages have just been finished which furnish very trustworthy evidence of prosperity since they bespeak an intention to invest in an automobile.

Oscar N. Dennison and wife and a young lady guest motored with Mr. Dennison's son to Los Angeles last Sunday to visit friends.

Mr. J. H. Van Wie of West 39th Place, Los Angeles, father of Mr. A. J. Van Wie of this city, is very ill and news of his death is expected at any time. He is 87 years old and has been in ill health for about four months.

Though not a success financially, the Senior Hop at the Masonic Hall in Glendale last Friday was a very enjoyable affair.

Rev. A. Ray Moore, Superintendent of the Pasadena District will preach at the Methodist church in this city next Sunday morning and should attract a large audience.

Mrs. A. J. Harrison of Cypress avenue, announces an aluminum demonstration November 8th.

Mrs. E. B. Moore of Blanche avenue, entertained Mrs. B. L. Hilliker of Los Angeles at luncheon Tuesday.

The band has a new leader in L. B. Lively and members are making progress. They are to give a dance in the usual place November 8th.

A Sunday School convention will be held in the Methodist church Thursday evening, beginning at 5:30. At 6 o'clock a supper will be served by the Ladies' Aid, followed by a social time and reports of the Pasadena meeting.

PASTORS PREACH PROHIBITION

As a closing contribution to the "California Dry" campaign, the pastors of the Methodist and Presbyterian churches of this city, Messrs. Don Ford and O. P. Rider will preach on the issue Sunday giving final instructions how to vote Tuesday.

Following is a brief synopsis of Rev. Don Ford's evening sermon:

"John Barleycorn is out fishing these days with his hook baited for a rather common variety of fish. A study of the kinds of bait he is using is profitable. John says that prohibition will throw men out of employment. True it will throw saloon keepers and bartenders out of a job for a little time, but they will have a vastly better chance of getting a new job than the thousands of drunkards which saloons have caused to lose their jobs.

"Workers in the breweries and wine vineyards will have, according to the provisions of the amendment, until 1920 to get a new job. When the saloon is gone the millions of dollars now spent for booze will be turned into legitimate lines of trade. It will go to the grocer, the carpenter, the mason, the dry goods man, etc. The brewers and saloon keepers will invest their capital, as they are doing now in Washington and Oregon, in some respectable line of business. Edward W. Olson, Chairman of the Industrial Insurance Department of the State of Washington says, 'As a matter of fact there has been increased activity in every line of industrial endeavor in this state since the law (Prohibition) went into effect and today there is a demand for labor which has not prevailed for a great many years past.'

"John says that prohibition robs men of personal liberty. But American liberty is only liberty to do as one pleases as long as one respects the rights of others. American parents have a right to protect their children from the saloon which can only fatten as boys and girls are made drinkers. American wives have a right to demand that their husbands shall not be poisoned into drunkards. And the unborn children of the future have a right to be well born. If they are born of alcoholic parents thousands of them must come into the world epileptic, idiotic, degenerate. No man in America has any right to the liberty to debauch the human race for the sake of money."

Final Facts

Will be presented by Rev. O. P. Rider under the following heads:

Only about 100,000 gallons of wine out of 42,000,000 will be affected by Amendment No. 2, only one-fourth of one per cent. What is that compared to keeping the saloons open all over the state? It surely seems hypocritical to tell the public that thousands of laborers will be thrown out of their jobs by destroying such a very small business. It is surely un-

thinkable that the people of this State will allow the saloon and its attendant evils to hide behind the grapevine.

Keep California prosperous is another cry. That might have some weight with people from the east who do not know real conditions but to those of us who live here and know, it is the greatest joke of the whole wet propaganda. The wineries and breweries and the saloons and the gas companies may be prosperous, the banks may be hoarding deposits, but the real estate business, the labor market and all lines of trade, are extremely dull. Let us make California prosperous by shutting up the saloon parasites, by voting yes on amendments 1 and 2 November 7th.

Liquor-made crime costs California about \$29,000,000. The license money amounts to only \$2,000,000. Must we call that prosperity?

The argument about "personal liberty" applies only so long as your eating and drinking affects no one but yourself and does not injure society. The majority have the right to prohibit and the Supreme Court has so decided.

Patton Promised Election

Now that reports from all parts of the state have convinced those in charge of the campaign that George S. Patton will be elected United States Senator in California, his managers are stating what they consider to be the things which have brought about the conditions which foretell his election.

In the first place, they say, his opponent, Hiram Johnson, has lost many votes of the laboring people because of his strong endorsement of Hughes. Right on top of this came the telegram from President Wilson asking his friends in California to vote for Patton in order to show appreciation of the progressive measures put through by the present administration, and to uphold the hands of the President and the Democratic Congress.

Again it has become recognized in all portions of the state that it would not only be unfair but actually harmful to the interests of all to have two United States Senators from the same part of the state, and that a Republican as Senator from California in the next Congress would be hopelessly lost.

Some of the reports that come from the northern counties to the headquarters in Los Angeles promise big majorities for Patton in a number of the counties of that end of the state.

The Sentinel for some time has been announcing the anticipated return of Miss Cora Hickman of Park avenue, but this is authentic. She appeared in the flesh Monday in fine health and spirits.

PATTON
of Los Angeles for
SENATOR

Woodrow Wilson

Sent a telegram to the People of California, saying: "May I not express my very great interest in the election of Mr. George S. Patton to the United States Senate? It would hearten the friends of such policies as the present administration has been promoting throughout the whole country if by his election the voters of California should give so unmistakable an endorsement to what has been accomplished."

The People of Southern California

Know that they pay more than fifty per cent. of the corporation taxes of the state, and more than eighty-five per cent of the money so raised is spent on maintenance of state institutions located in the northern part of the state. And that a large majority of the salaried officials of the state, appointed by Governor Johnson, are residents of the northern part of the state.

George S. Patton

Democratic nominee for United States Senator, who is running against Hiram Johnson for this office, is a resident of Los Angeles; a prominent businessman of Southern California, and pledged to the protection of Southern California's citrus products.

James D. Phelan

United States Senator from California, who resides in Northern California, recognizes thoroughly the need of Southern California for a United States Senator who lives in Southern California, and heartily endorses Mr. Patton's candidacy.

RECIPROCITY DAY

This is Reciprocity Day in the calendar of the Thursday club. Great preparations have been made by Mrs. Harry Bowman, Chairman of the hostess committee and her assistants, Mesdames E. H. Barnes, C. E. Clemens, Allen E. Boyce, and Clyde Carmack, for the suitable reception of the representatives from the ten valley clubs who will be entertained. Special guests will be Mrs. E. D. Knight, president of the State Federation, and Mrs. Lloyd Harmon, president of the District Federation. A luncheon in honor of these ladies and the officers and directors of the club is being given by the president, Mrs. Charles Wallace Kimberly.

Mrs. J. H. Braly, local regent, will entertain the General Richard Gridley Chapter of the D. A. R. at her home at 205 North Brand boulevard, Glendale, Thursday, November 2nd.

Mr. Ireland, grocer in the Atwater Tract has just returned from Arizona where he took his wife to try the effect of the dryer climate. She has been an invalid for a year or more.

Mr. H. L. Whaley of the O. K. Market and Mrs. Whaley got back to Tropic Tuesday morning. They will be busy for several days making their house at 215 South Maryland avenue ready for occupancy.

WOODROW WILSON INDEPENDENT LEAGUE

Over fifty enthusiastic supporters of President Wilson met at the Chamber of Commerce building, Glendale, Monday evening. The gathering resulted in the formation of a Woodrow Wilson Independent League of Glendale, Tropic and vicinity.

Permanent headquarters have been secured at 1009 West Broadway, Glendale. Officers elected were: C. O. Pulliam, President; Dwight W. Stephenson, secretary; R. L. Jackson, treasurer.

Secretary Stephenson, who is a citizen of Tropic says: "Please bear in mind that this is not a Democratic organization; rather, it is made up of those independent voters, gathered from all parties, who recognize the true greatness of the President and feel that it is to the interest of the county to retain him as the chief executive during the trying period of the next few years."

TROPICO Interurban SENTINEL

A bargain is not merely low price.

Only when you get low price and quality do you have a bargain. Call at our office and see for yourself the club of four magazines that we offer for only 25 cents more than the cost of our paper alone.

FOR SALE—A bargain. New bungalow, all conveniences. Inquire of owner, 219 Cerritos avenue, Tropic, Calif.

Coaching Children

Experienced Primary teacher will coach young children. Normal graduate; good references; reasonable terms. Address Nellie B. Gorrell, 319 Blanche Av.; phone, Glendale, 15-J.

HOUSEHOLD GEMS

White spots on varnished surfaces can be removed by sprinkling with sal soda. After allowing it to remain a few minutes rub with a cloth saturated with kerosene oil.

Fumed Oak furniture that has a shabby appearance can be renewed by applying Dutch Polishing Wax with a soft cloth. Other highly polished surfaces like automobiles and varnished furniture can be renovated with the same wax and in the same manner.

Ink stains can be removed from floors with a paste made of chloride of lime. After allowing it to remain on the spots for a few minutes, until nearly dry, scrape off and wash with luke warm water.

KENNEL LICENSE

To the Sentinel:—During the early summer some of those who own dogs signed a petition to the Board of Trustees requesting a kennel license. The matter was presented to the Board and was considered for several weeks. At the time Mr. Peters and Mr. Seal were not serving. The members in office at the time decided that the request was presented in the proper spirit and the demands reasonable. The result was that instructions were given the City Attorney—Mr. Goodwin—to draw up an amendment to the dog ordinance in force. A report was made to the signers of the petition and they were notified that the amendment would be made and that they need not pay their dog tax until the kennel tax became payable.

It developed later that instead of the City Attorney giving the matter attention it was referred to two members who have dogs and who were supposed to be interested, but they did nothing and all the signers of the petition were disappointed.

The Board of Trustees appear to have broken their word with the owners of the kennels. It would seem that the Board is under a moral obligation.

The kennel owners are no different from business men in other lines. Their profit is little enough and it is an injustice to them to be legislated out of business.

In the matter of dog kennels: The stock is not permitted to run at large. There isn't anything objectionable about the kennels. Some are maintained entirely where there is no police protection.

It would appear that the intention of the Board of Trustees was to give the kennel owners fair treatment. But, in passing it along, the desire of the Board was not carried out.

The Board of Trustees should keep their faith with the petitioners. They should instruct the City Attorney to draw up the amendment.

W. J. ANDERSON.

According to reports everyone who attended the Yeomen dance, and that means about seventy-five people, had a splendid time. The hall was made most attractive with hallowe'en decorations, the pumpkin jack-o-lanterns having been carved in a most wonderfully artistic manner by a nephew of Mrs. Lawyer, whose name the Sentin-

Pacific Electric Railway

nel did not learn. There was a camp fire and there were ghosts, but no witches in the ballroom. There were plenty of the broomriding ladies and as many black cats, however, in the decorations of the dining room.

The cheap excursions to Mt. Lowe, which the Pacific Electric put into effect for the month of October, have proved so popular that Traffic Manager Pontius announces a continuance of these fares for the entire month of November.

LOCAL HAPPENINGS

Mr. and Mrs. Merritt Ludden entertained at dinner Sunday relatives from Pomona and Claremont, viz., Messrs. Clay, brothers of Mrs. Ludden, and their families.

Mrs. Amanda Hess Morse of Ripley, New York, who has been the guest of Mrs. K. R. Sterling the past month, has gone to Pasadena this week to visit nieces, but will return to Tropico and possibly spend the winter here.

Mrs. Stewart and daughter, who have been residing in the Snider Apartments on Brand Boulevard, expect to move into their new home on the corner of Brand and Vassar about the first of November.

Mrs. F. R. Jones and Mr. and Mrs. L. H. Jones have recently moved from San Fernando Road to the Jennings house on Cypress avenue.

Miss Mary Jane Evans and Mr. Louis Coole last Sunday were dinner and evening guests at the home of Mr. Howard Ford. Next Sunday they will be entertained by Miss Lola East of Jackson street, Glendale.

There's a new girl in town. The stork brought her to the home of Mr. and Mrs. George Bridges on Mountain View avenue last Wednesday. They are well pleased as their first child is a boy. At last accounts mother and child were doing well.

Mr. John Kirkham of Palmer avenue returned last week from his Kansas ranch.

Mrs. Felicite Mollere, mother-in-law of Mayor Frank Peters, left on the 18th for New Orleans where she will visit her two sons. Her house will be occupied after the first of November by Mrs. Rogers who will move here from Los Angeles.

Rev. H. C. Shoemaker, who served the Presbyterian church in this city as pastor about four years ago, and who has many warm friends in Tropico, has just been sent by the Presbytery to organize a church of that denomination in San Fernando. He is very successful in that line of work.

The Thimble Club met this week with Mrs. Merrick on West Tenth street. The club members are now meeting every week to do work for their bazaar which will be held some time in December.

Mrs. Harriett Eckstein left Tropico Sunday to join her husband on the claim they have taken up in the Antelope Valley about five miles from Fairmount Post Office. Mrs. Eckstein has been spending the summer with her mother, Mrs. Cushing on North Glendale avenue.

Miss Mitchell, director of music in Tropico schools, chaperoned the girls of the 8-a grade and some of the high school girls to a music recital given by pupils of Prof. Drill at Trinity Auditorium last Saturday.

A business meeting of the Parent-Teacher Association of the Cerritos school will be held at the school house next Friday afternoon. It is desired that all members be present.

Members of the Thursday Afternoon Club are planning to give a vaudeville entertainment and dance some time in November.

Mr. N. C. Burch is improving in health.

Mr. and Mrs. Charles Phillips and Charles Phillips Jr., went to Orange Friday and spent the week end there with Mr. Phillips' mother.

Tuesday of this week Mrs. C. W. Kimberly attended a reception and luncheon at the Shakespeare Club of Pasadena.

Members of the Philathea and Baraca classes of the Methodist Sunday School are planning a Bimini party in the near future.

Mrs. J. O. Marshall, of Sacramento, matron of high rank in the order of the Eastern Star, was guest of honor at a luncheon given last week by her hostess, Mrs. Dan Campbell, at Ard-Evin, the Campbell home on Kenneth Road. Violets and ferns featured the table decorations and place cards for the nine guests entertained, all of whom are stars of the first magnitude in the organization, Mrs. Campbell herself being a Past Deputy Grand Matron.

Mr. and Mrs. Earl V. Coleman drove Sunday to Orange County Park, about fifty miles away and part of the original Modjeska Estate named by her the Forest of Arden. Mr. Coleman had a cold and didn't feel well anyway, and his reports are not as enthusiastic as brighter weather might have produced. He does not consider the park nearly as beautiful as Griffith Park and says after you leave the Orange County boulevards and strike the mountain roads, it is a rough, hard trip.

Last Friday was a banner day in the annals of the N. P. Banks Post and Corps, for one hundred and forty guests were entertained at the monthly dinner, which was followed by a program of unusual merit and interest. Mesdames Bruck, Sanford, Gregory and Hibberd were the committee of hospitality and had plenty of employment for their energies and talents. A red color scheme was effectively carried out with scarlet geraniums.

JONATHAN S. DODGE FOR ECONOMY

A successful business man who has lowered the taxes and put the administration of South Pasadena on a business basis, who will make "Economy, which means Lowes Taxes" his main object. "HE WILL VOTE FOR AND SUPPORT THE DRY AMENDMENTS." The men who have known and have had business dealings with him are his strongest supporters; not one dissenting vote cast against him in a mass meeting called in Antelope Valley, October 10. He has been and is today active in business and can give the fifth district what we need—value for the taxes paid.

BELL STRONGLY INDORSED

S. W. Odell, than whom there is no better known or more ardent worker in the Dry cause in California, is out with a strong letter endorsing Hon. Charles W. Bell, Independent (Republican) candidate for Congress. Mr. Odell is thoroughly familiar with Mr. Bell's standing and record as a Dry advocate and knows that he is a dependable worker for the Prohibition cause. In his letter Mr. Odell says: "I know that you stand for a 'Dry' California, supporting the amendments proposed to the Constitution of the state, and that you also stand for nation-wide and world-wide prohibition. Like myself you believe in non-partisan federated movements such as have placed nineteen states in line for prohibition and such as will, we sincerely hope, put California in the 'Dry' line November 7. You also believe in progressive Republicanism as the force which has saved this nation in days gone by and will best conserve the interests of the people in the future. I agree with you in that faith. Your record in Congress as well as your own personal qualifications deserve the loyal support of all the voters in your District."

THE HELMS CAMPAIGN

Force and aggressiveness is being injected into the last ten days of the campaign by "Capt." Helms, candidate for district attorney. His support is being pledged from organizations and from individuals, and as a result, it is estimated by those who are in close touch with affairs, that Helms will be elected by an overwhelming majority.

There is a wave of sentiment sweeping in his direction as a result of his decided stand for the Drys. He is making his campaign under the direction of the Citizen's Campaign Committee and no other candidate but Helms has been endorsed by this organization. This positive statement was made yesterday by the management as it has been determined to abide by the one issue, "Helms on a platform of Dry California in the race for district attorney."

SCHOOL GARDENS

When the Sentinel's representative visited the Cerritos school grounds last Friday, part of the boys and girls were out in the garden plat making it ready for the seed planting which will take place in the near future. Miss Allius was with them directing and helping with the work.

Prof. Kennedy reports great interest in these gardens and also in the preliminary work in the school room where seeds are studied, their color, shape and size compared, and where instruction relative to depths of planting is given. Finally the seeds are sown in window boxes where their germination and growth can be closely watched. The school room window boxes now have quite a growth of lettuce, radishes, beets and other garden stuff.

Professor Kennedy also says that parents do not all understand that agriculture is a part of the curriculum required by the State and County manual, and as gardening is the most practical and interesting method of instruction, that plan has been adopted instead of simply giving theoretical, class-room instruction. Each room has been given a strip of ground 30 by 40 feet in area. This is planted under the direction of the teacher and can be sown to flowers or vegetables or both, at the election of the pupils.

Besides this allotment there is still some ground left which will probably be turned over to some of the big boys who are interested and want to grow some special crops. In this connection Prof Kennedy stated there are a good many boys of the boy scout age who have acquired considerable knowledge of gardening and who would like to earn some money that way. He is anxious to secure the use of ten or a dozen vacant lots which the owners will permit them to work. A busy boy is a good boy, in Professor Kennedy's opinion, and if these ambitious young fellows can be given a chance he is sure they will improve it and put in their leisure before and after school with profit to themselves and benefit to the community. He is anxious that lot owners willing to further this plan should communicate with him.

Tuesday afternoon there was a match game of soccer football on the grounds of the Cerritos school.

FINNEGAN'S PHILOSOPHY

Pitiless Publicity.

"I see Mr. Hughes wud like to know f'what's to come to 'Pitiless Publicity.' Meself could tell him. 'Where's "Pitiless Publicity"?' says Hughes. 'In the Ash Can,' says I. 'T'was all right on the stump, but in Washin'ton 'tis differ. The Harp that wanst through Trenton's halls—I mane Tumulty. Whin he bursts into song now he picks his chune!

"'Tis not that Prisdint Wilson is less public than Candydate Wilson—He's less pitiless. 'Tis like the showman. He tells ye all, an' more, about th' illyfant, but he has mintal res'va shune about the spotted baby.

"So it is wid Wilson. He's sof'ned the hard heart iv 'Pitiless Publicity.' 'How about the Postmasters?' axes the refawrumers. 'We'll niver tell ye,' says the C'mishun. 'For why?' says the League. 'T'wid embar'ss th' Administhrashun,' says the C'mishun. And the people laughs. 'Ye fired th' Hid iv the Clnsus,' says Hughes. 'Ye lie,' says Redfield. 'He raysined wid-out bein' axed,' says he. 'Ye lie yer-self,' says Durand. 'Ye towld me ye'd fire me, an' ye gev me place to a pol'tician,' says Durand. 'Ixac'ly f'what I said,' yells Pink Whiskers. 'I was goin' to fire ye annyway, but I niver axed ye to raysine,' says Pinky. An' the people roars.

"Tell us about all thim Dishurvin' Dimmycrats,' says the people. An' Washin'ton is swep' be a storm iv silence.

"But doan't ye think there's no publicity at all. Teddy himself was none gunshy with the papers, but he cud be quiet, too.

"We'll grab some land in Vinzu-eely,' says the Ambassydure. 'tem'prily,' says he. 'Ye'll not,' says Teddy. 'ye'll agree to arbitrate,' says he, 'or,' he says, 'in tin days Dewey'll be there,' says Teddy.

"Me Ry'le Mather will niver consint,' says th' other. 'Thin,' says Teddy, 'I'll sind Dewey at wanst. There's no use waitin', Teddy says. 'Howld 'em,' says the Ambassydure. 'We agree,' says he, 'an' divil a bit did we know how it was for a dozen year.

"We'll have Ferdy Carey alive, or the Bashl Bazook dead,' says Teddy, an' back comes Ferdy. An' the papers says 'On demand iv the State Department Ferdy Carey has been released.' An' that's all.

"How is it now? The greasers slaughtered twinty at Santy Isabel. 'An' other Mexican Crisis,' says the headlines. 'Twinty Americans killed,' they says. 'The Prisdint is...' says the

ates Bacon and Eggs. Plays Goluf. says the headlines. An' the paper goes on:

"The Prisdint's appytite at breakfast was good, th' leader iv the nashun gettin' outside iv' grape fruit, bacon an' eggs, hot biscuit an' coffee. Whin Dochter Grayson announced the bill iv fare the tinshun over Mexico was much relaved.

"The Prisdint is solvin' in privacy the fateful question, "Will me throat last?" The answer is waited wid feverish anxiety.

"Mondah, the papers says 'Nashunal Disaster? Sore Throat Feared, Panic at the Capital. The Prisdint Calm.

"Consternation was spread among all classes today be the report that the Prisdint awoke with a sore throat. Strong men fainted before they cud reach the nearest saloon. There is talk iv appintin' a day iv prayer. It is hoped that Senor Arre-ye-on-though will claim that the dead Americans raysisted ixicushun. A high authority states that this wud end the crisis. The Prisdint made but wan remark: "Av they'd not been there they'd not iv been kilt."

"Choosdah, they says, 'Hope revives. No sore throat. Bitten by insect. Prisdint calm. All Phrases iv Mather to be considered.

"The anxiety in the Capital was relaved today be the followin' bulletin:

"The Prisdint has a slight perforation in the cuticle over the inferyure maxillary caused by an insect bitin' him whin asleep. The patient was too proud to scratch. (Signed) Grayson."

"It is reported also that Ginerel Scott will go to the border to bury the dead, and apologize to the insurgints. He will axe Carranzy, whether he wud accept a loan if offered. This is considered the throe s'lution iv the difficulty.

"Winsdah the Prisdint goes motor-in, Thursdah he writes a note and Ginerel Scott starts for the border. Fridah the headlines says 'Peace in Europe near. Prisdint studyin' terms. Will he stop the war? Another note expected. Capital excited over report.'

"But we're comforted be bein' towld the Prisdint will not be bethrayed into hasty ackshun.

"Sundah, he's considerin' th' Armenyan question, an' Mondah he advises Grandmothers about suckin' eggs. And another crisis is past.

"So it goes ivry day. As I was sayin', there's a plenty publicity, but 'tis not the brand iv 1912."

Evidently Mr. Wilson has made up his mind about something. He refers in his acceptance speech to "the sovereign authority of Mexico." He may have decided to whom he was referring. Less than two years ago he was not sure whether it was the soldier-

bandit Villa or the grocer-gratter Carranza.

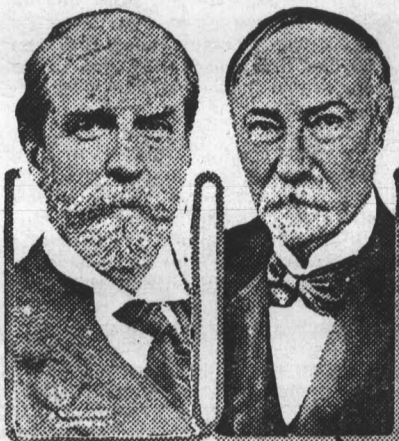

The Administration ought to be able to take a comfortable rest. It has turned pretty much everything over to commissions from the Mexican question to the tariff. The talent for shirking responsibilities comes handy sometimes.

The Wilson Waltz.

In view of recent events the following formula overheard on a hotel veranda may be of interest: The Wilson waltz, one step forward, three steps backward, hesitate, then sidestep.

Everything has gone up under Wilson except the price of dead Americans.

One thing we must all admit. The President is never too proud to ~~idestep~~.

HUGHES and FAIRBANKS.

FOR EXCHANGE—233 acres of land in Lake County 4½ miles from County Seat; hog tight fencing on three sides; modern house and barn; water from perpetual flowing spring piped to the house; 40 per cent of land tillable; fine pastures, many springs; land adapted to deciduous fruit or walnuts or live stock farm; 1000 cords of wood in sight for which there is a ready market at \$6 to \$7 a cord in Lakeport and Kelseyville; rainfall 27 inches, average; very mild climate; elevation 1500 feet; very beautiful situation overlooking Big Valley and Clear Lake; price \$6500, incumbrance \$2200. Want property in Southern California. H. D. C. Sentinel office.

PROCEEDINGS OF BOARD OF TRUSTEES

The Board of Trustees met as usual Tuesday evening with all members present save Trustee Boyce.

Under the call for written communications the Clerk read the report of the Pacific Light and Power Co., of additions and betterments for September, which was ordered placed on file.

Taxicab Licenses

Applications for licenses for 2 taxicabs by Hope Brothers of San Fernando, and from H. Stern for a 7-passenger car, were read and on motion granted.

Columbus Avenue Opening

City Attorney Shaw submitted an ordinance of intention to widen Columbus avenue from the north line of Tract 927 to Park avenue, which was read by the Clerk.

Larsen Appeal

Relative to the Larsen appeal on the Adams-Moore Assessment, the Attorney reported he had been unable to see the contractor as instructed by the Board, and recommended that the hearing on the appeal be continued for one week. He also called attention to the fact that the regular meeting night would fall upon election night and suggested that a motion providing for adjournment to Monday night, November 6th be made, which was done by Trustee Henry and carried. Trustee Alspach then moved the continuation of the Larsen hearing to Monday night, which was also carried.

Building Permits

The report of the Building Inspector for October as read by the Clerk showed: Electric permits \$11.19; plumbing permits \$8.50; building permits \$9.00. Ordered placed on file.

Repealing Ordinance

Ordinance No. 120 repealing Sec. 26-a of Ordinance 112 and Amending Sec. 29 of Ordinance No. 44, had its second reading and on motion of Trustee Henry was adopted. The ordinance substitutes a permit for the license heretofore required to be taken out by cesspool diggers.

Flood Control

The draft of a reply by Engineer Wattles to a communication from Engineer Reagan of Flood Control transmitting a map of the channel of Sycamore Wash and asking for recommendations was read by the City Clerk. Mr. Wattles approved the proposed straightening of the channel and recommended clearing of underbrush. He recommended a bulkhead where Sycamore Boulevard empties into the creek. The City Clerk was directed to prepare a transcript of Mr. Wattles' letter for the signature of the President of the Board and transmission to Mr. Reagan.

Weed Nuisance

Concerning the petition for the removal of weeds on Boynton street,

President Peters reported that the owner of the weedy lot, Mr. Smith of Moore avenue, had gone to Chicago; that the neighbors had consented to pull weeds and would continue the work until they were gone.

Public Fountain

In re the \$8 bill for cup for drinking fountain which is defective, moved by Henry that the bill of C. S. Hunter for installation of drinking fountain at the intersection of Central avenue and San Fernando Road be denied. Carried.

Moved by Henry that the President of the Board be appointed a committee of one to see that proper repairs are made to the public drinking fountain. Carried.

Street Lights

The City Clerk was instructed to make a friendly telephone inquiry of Mr. Byrnes of the Pacific Light and Power Company relative to the probable date of lighting San Fernando Boulevard.

Walnut Street Deeds

The City Clerk reported an application from Mrs. Witham on Walnut street, for a deed to a strip of land withdrawn from use for sidewalk and parking, which was to have been deeded to her in 1914, stating that her neighbors had received such deeds. Investigation, she said, confirmed the statements made by Mrs. Witham and she submitted an unexecuted deed to a three-foot strip which she believed to be the document Mrs. Witham asked for. The matter was debated but no action taken because the City Attorney held that unless the records showed the passage of an ordinance of abandonment, the Walnut street deeds would not hold.

Trustee Boyce Resigns

The City Clerk read a communication from Trustee Boyce dated October 30th tendering his resignation as a trustee of the city of Tropic.

Moved by Henry that the resignation be accepted. Carried.

Moved by Seal that Stephen E. Veselich be appointed to fill the unexpired term of Mr. Boyce. Carried.

Water Rate Petition

In the matter of a petition to the Railway Commission for the restoration of the old water rates, Mr. Peters reported that in the opinion of the City Attorney the petition should be signed by fifty per cent of the rate payers. After some discussion motions were made and carried instructing the Chairman of the Board to hire a man to circulate the petition and secure signatures of 300 rate payers at a compensation of five cents each.

Demands

were read by the Clerk as follows: Neuner Co., supplies \$42.50; Newton Electric Co., \$15.18 for lamps on Brand Boulevard; E. Fairfield, salary \$40.00; Tel. Extension \$1.35; Fire Dept., service in Pollock fire \$3.50, all of which were allowed as read.

Lamp Renewals

The frequency of lamp renewals on Brand Boulevard was discussed, the Clerk reporting that three cases of 24 lights each had been used since

June, the Sunbeam lamp being employed. Mr. Todd advised the Board that they were not compelled by their contract to use any particular light and that the Sunbeam was a cheap lamp.

Unsafe Driveways

Mr. Alspach called attention to the abrupt driveways made in the combination sidewalk and curbs on Aca-cia avenue, and expressed the opinion they were dangerous and might make the city liable for damage suits in cases of accident. Dr. Mabry endorsed Mr. Alspach's opinion and told of stepping off into such a driveway on a night call and nearly falling and suggested changes which would make them comparatively safe. The matter was left to Henry and Peters for investigation and conference with contractor.

Hedsill Suit

Attorney Shaw reported that the suit of Hedsill against the city of Tropic and the Street Superintendent had been set for trial on November 8th; that Hedsill's attorney had approached him with an offer of compromise which he had not entertained for the reason that he did not believe plaintiff could recover from the city.

Glendale Street Repairs

On inquiry the Street Superintendent reported he had not yet undertaken the street repairs on Glendale avenue, near Cypress, but had received a consignment of oil for street work that day.

The Board then adjourned to meet Monday, November 6th.

TRAFFIC VIOLATORS

The four parties who are operating what is known as the "Short Line" busses between San Fernando and Los Angeles, traversing the San Fernando Road, capitulated after one of them was haled before Recorder Brown last Thursday night. On his agreement to then and there take out a license and send his three fellows operating the other busses to the license department, his fine was suspended. He promised to make out a schedule which would include a stop in Tropic at the corner of Tropic avenue and San Fernando Road, which schedule was to be in effect Monday of this week.

The repair of San Fernando Road at its junction with Central avenue, is pronounced the best advertisement Tropic has had in a long time.

Mr. William Harvey of Tropic avenue is making a garage and introducing a decided novelty. The floor of the garage will be a turntable which will enable him to reverse the machine and always face the street when leaving.

HIGH SCHOOL NOTES

The contribution of the Sophomore class to the debating teams of the school will be Merva Scott, David Johnston, James McClusky and Chauncey Kolts, this quartette having been selected as a result of the recent try-outs.

Senior class representatives elected to the legislature last week were: Jeanette McClennan, Ed Seay and Sam Durand.

A very creditable and quite imposing Wilson auto parade prepared and carried out by students of Union High, passed through Tropico Friday afternoon and created quite a sensation regardless of party sentiments of spectators. Every auto whether passenger or truck, bore a banner reciting some reason why the President should be re-elected. It has been announced that the Republican club of the school will also have a parade before the election.

K. P. NEWS

Twin City Lodge No. 331 met in regular session last Thursday night. The regular order of business was dispensed with and a greater portion of the evening was taken up with good, old get-together circle of story telling, recitations and travelogues, something new and interesting and very entertaining. The contest is waxing warmer with the whites still in the lead. New applications are being presented all the time.

PUBLICITY COMMITTEE.

CONFLAGRATION

Tropico had a fire Saturday night but it was not attended with much excitement. It happened about one a. m., and the fire department knew nothing of it until an automobile came along and gave the alarm. The fog was dense and it took a little time to locate the blaze. When it was found it was discovered to be a house owned by Dr. Pollock on West Palmer avenue, which was unoccupied. When the laddies arrived the roof had fallen in and nothing was left to save except a bathroom and fittings in an ell of the original building. A fire in the same house occurred less than a year ago.

Eagle Rock will vote on the purchase of a water plant November 18th.

"NOT GUILTY"

The trial of W. E. Anderson for failure to comply with the sign ordinance by permitting an oil sign to remain in front of his garage after its removal had been ordered by the City Marshal, took place before Recorder Brown last Thursday night. A jury of ten men was selected to weigh the evidence, Mr. Best of San Fernando Road being the foreman. Mr. Anderson had previously pleaded "not guilty" and the jury found for the defendant. When called to the stand Mr. Anderson testified the sign was not his but belonged to the Standard Oil Company and that it had been placed in the parkway without his permission. As the Standard Oil had not been made a party to the suit and no evidence was introduced to prove that Anderson HAD given permission to place the sign, the jury claimed it could only bring in the verdict it did.

AN OVERLAND ROMANCE

Mr. H. F. Harrison and wife, former residents of Tropico, returned to this city last Thursday and are now guests in the home of Mrs. Jenison of Gardena avenue, grandmother of Mrs. Harrison. A romance is involved in the departure and return of these two young people, for when Mrs. Harrison, then Marjorie Storer, left here eighteen months ago, she left her heart in the keeping of Mr. Harrison who soon followed her to Rochester, N. Y., to return the missing heart in his own person, and they were wedded last August. The return was made overland in an Overland car, and while they would not care to repeat right away the hazards and hardships of the trip, they consider it well worth all it cost. They came by way of the Santa Fe Trail and the journey consumed seven weeks. Mr. Harrison says "there is not a bit of road between here and Denver, with the exception of about fifty miles, that is improved. If I had not been accompanied by a friends in another machine, I could never have made it. We took in Meteor Crater, Canyon Diablo, the Petrified Forest, the Cliff Dwellers, and the Grand Canyon. The Santa Fe Trail runs within a few miles of all these points. Had we come by rail, we would not have seen them all." While in the east Mr. Harrison had charge of the office end of a large dairy business. He has not

decided what line of business he will take up here.

POLITICAL OPINIONS

Hon. Frank Peters, president of the Board of Trustees, thinks Southern California will go dry but fears there will be enough wet votes deposited in the North to defeat prohibition. Relative to the threat that has been made that the wet and dry issue will lead to a division of the state into North and South California, he said: "There might be some advantage in a division for the reason that it would give us more representation in the upper house and for the additional reason that it is a pretty hard matter to get any penal institutions down here and it costs us \$50 a head to transport our penitentiary prisoners."

Mr. Peters is going to vote NO on the single tax amendment which, if carried, will lift the taxes from the corporations of the state and put them on the shoulders of the land owners. Had the proposed amendment included a franchise tax which would cover the properties of the big corporations which would otherwise be exempted, he would have been inclined to support it. As now framed, he considers it too heavy an addition to the big burden of taxation the land owners are already carrying, and he is emphatically against it.

PACKER ALSO "DRY"

The "dry" and "wet" question does not enter into the supervisorial race, and if it did the candidates stand alike, so "you can pay your money and take your choice." It is known that Mr. Stephen C. Packer is fully as "dry" as his opponent. He states firmly that he favors the enforcement of all laws restricting the illegal sale of liquor. Mr. Packer's friends in Glendale, as well as other territory, know him to be a man of business ability and energy and know that he will take care of the taxpayers' interests and endeavor to lower the oppressive taxation that has grown by leaps and bounds during the past eight years. In making the contest for Supervisor of the Fifth District, Mr. Packer is not looking to his own interests solely, but is making the contest at the behest of numerous friends, who are thoroughly disinterested except for the welfare of the county and are not followers that expect to be rewarded. To elect Stephen C. Packer Supervisor next Tuesday will be a great day for the San Fernando Valley as well as for Los Angeles county.

LOWER TAXES are a NECESSITY

BIRTHDAY CELEBRATION

October 28th Mrs. C. C. Chandler was hostess at a family dinner party given to celebrate the birthday of her daughter, Mrs. E. H. Weston. A yellow and white scheme was carried out in the floral decoration of the house, hybiscus and asparagus fern being employed in the table decorations and in a beautiful birthday cake embellished with candles. The dinner was followed by a grafonola concert, and a quilting bee on the front porch occupied the guests who were: Mesdames Thomas Douglas of Los Angeles, M. M. Cole and J. H. Seaman of Tropico, C. L. Peckham and E. B. Elias of Glendale, M. N. Barnes of Tropico, Miss Emily Elias of Glendale and of course Messrs. and Mesdames C. C. Chandler and E. H. Weston. Mrs. Weston received many beautiful and useful gifts.

The Women's Missionary Society of the Presbyterian church spent last Thursday in visiting the Forsythe Memorial in Los Angeles.

This school for Mexican girls is housed in a beautiful new building on Evergreen avenue and is one of many schools maintained by Presbyterian women.

The superintendent, Miss Smith, and her five assistants have under their care sixty young girls.

It was both interesting and gratifying to the visitors to see how thoroughly these girls are being trained in the ordinary school work of the grades and in the study of the Bible as well as in sewing and house work. The atmosphere of a refined Christian home pervades the school and must certainly count in many homes in the future.

Mr. Leon T. Benner, wife and son, who have been visiting their grandparents, Mr. and Mrs. C. Benner on Victor Court street, have returned to their home in Oregon.

Mr. Oliver Spear returned from Imperial Valley with his parents, Mr. and Mrs. William Spear and brother, who motored down to visit him on his ranch for a few days. They had a delightful time enjoying the invigorating climate and seeing the prosperous conditions along the way, among the ranch owners. Mr. Spear while there built a new house on his ranch and made other improvements.

Last Monday evening Mrs. A. Baum of 526 North Glendale avenue, assisted by Mrs. Charles Bruck, entertained about thirty young people for her grand-daughters, Misses Louise and Barnetta Benoit. There were the usual hallowe'en decorations and the black and yellow color scheme which was carried out in the costumes. Games were played and a hallowe'en supper served.

Reasons Why Hughes Should Be Elected

BECAUSE he stands for Protection, Prosperity, Preparedness and Patriotism.

BECAUSE he will not permit partisanship to triumph over Patriotism.

BECAUSE his speech of acceptance expresses his desire to co-operate with labor for its advantage, not to exploit it for his own.

BECAUSE he will command the respect of Europe and Asia and win the friendship of Latin-America.

BECAUSE he will never by proclamation deny the right of Americans to pursue their business in other lands under the protection of the American flag.

BECAUSE he will not repudiate the American flag in any land.

BECAUSE he will not put action into words, but words into action.

BECAUSE, as Theodore Roosevelt well says, he has high sentiments of justice and dignity, is upright and straightforward, is an incontestable master of judicial matters, and always translates his words into deeds.

BECAUSE he is a strong, sure, courageous man, with a clear-cut program before him and with the courage, intelligence and determination to carry it out and bring to our country self-respecting peace and world-wide respect.

BECAUSE as Governor of New York he has already proved that he dared to do the right thing, and is prepared to further do and dare when called into a wider field.

BECAUSE he is not a dreamer and not a quitter.

BECAUSE he is a firm friend of preparedness for the United States and not for preparedness through political expediency.

BECAUSE he will not burden us with war taxes in time of peace.

BECAUSE we need a tariff not founded upon free trade, nor for "revenue only," but to protect American labor and American industry from the deadly competition of the foreigner.

BECAUSE he is a red-blooded American. His policy will be "America first, America efficient."

BECAUSE he can be depended upon to keep platform pledges.

BECAUSE he will protect this country against being flooded with the cheap manufactures of Europe after the war.

BECAUSE he is the chosen head of a party which has long fathered all great constructive legislation which experience has proved to be wise and which has invariably been opposed by the Democratic party.

BECAUSE a business man is going to be especially needed in the next few years. In consequence of the European war a tremendous readjustment of the world's business is ahead. The United States must be economically prepared. It must not, as now, be left defenseless. It must not have a President with an untrained business mind, ever changing. Mr. Hughes made a remarkable record as a business Governor of New York. He has extraordinary ability to see all sides of a question. Not from him, as from Wilson, will be heard any declaration that he will hang business men "high as Haman" if they do not agree with him.

BECAUSE he is a man of forward vision, of practicability and firmness, not a mere rhetorician and theorist.

BECAUSE he stands for the protection of American lives and property abroad as well as at home.

BECAUSE through him the whole nation will be in the Government. It will not be ruled by one section, nor by one man.

BECAUSE he is for an effective, not an unsound and sham system of rural credits to help the farmer and for a wise conservation of natural resources.

BECAUSE he is for a Federal workingmen's compensation law suitable for the employes of the Government, and those employes engaged in interstate commerce and subject to the hazard of injury.

BECAUSE he favors investigating before legislating.

WE WANT THE AMERICAN FLAG UNSULLIED.

"Now, my friends, we want not only American efficiency in business, in efficiency in the organization of business, in the protection of the factors of human industry and commerce, we want the American flag unsullied and the American name honored throughout the world."
—From Mr. Hughes' speech at Chicago.

WILSON STRIKES WHEN THE IRON IS COLD.

President Wilson refused to speak in Independence Hall on the one hundred and twenty-eighth anniversary of the signing of the Declaration of Independence in that hall, and he so refused because inasmuch as over one hundred of our men, women and children had just been murdered on the high seas he regarded it as "the very moment when he would not care to arouse the sentiment of patriotism." Mr. Wilson has a positive genius for striking when the iron is cold and fearing to strike when the iron is hot. If one hundred and twenty-eight years ago Washington and Jefferson, and the other men who signed the Declaration of Independence had felt the same way about patriotism, and the same way about fighting as Mr. Wilson does, we would never have had a country. Had Lincoln felt the same way, there would be no such thing as the American Republic now in existence.—From the Speech of Colonel Roosevelt at Battle Creek, Michigan, in Behalf of Mr. Hughes.

"WORDS, OR DEEDS?"

"If anything in this campaign is real it is that we are now facing the question whether we want words or whether we want deeds; whether we want that which is written and spoken, or whether we want American action in the interests of the American people, worthy of the American name, maintaining the American honor, and buttressing the prosperity of the United States."—From Mr. Hughes' speech at Chicago.

**CERTIFICATE OF TRANSACTION
OF BUSINESS UNDER FICTI-
TIOUS NAME**

The undersigned hereby certifies as follows:

That his true name in full is Henry W. Butts;

That he now is, and has been since April 19, 1916, transacting a retail grocery business at No. 204 South San Fernando Road, in the city of Tropic, California, under the name of THE B & B STORE, and that he is, and has been since said date, the sole proprietor of said business;

That his place of residence is, and has been since said date, the city of Tropic, California.

In witness whereof the undersigned has hereunto set his hand this 17th day of October, 1916.

HENRY W. BUTTS.
STATE OF CALIFORNIA,)

County of Los Angeles)

On this 17th day of October, 1916, before me, John A. Logan, a Notary Public in and for the County of Los Angeles, State of California, duly commissioned and sworn, personally appeared Henry W. Butts, known to me to be the person whose name is subscribed to the foregoing certificate, and acknowledged to me that he executed the same.

(Seal) JOHN A. LOGAN,
Notary Public in and for the County of Los Angeles, State of California.

THE LADIES' HOME JOURNAL, THE SATURDAY EVENING POST and THE COUNTRY GENTLEMAN wish to secure the spare time of a man or woman to act as local representative in Tropic and vicinity looking after the renewals of their many subscriptions in this section and introducing these publications to new readers. Payment will be made in salary and commission. Previous experience is desirable but not essential. For details address with references, Box 654, The Curtis Publishing Company, Independence Square, Philadelphia—11-1.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

"THE MILK YOU WILL EVENTUALLY BUY."

It's Perfect Sanitation all the Way

Why use pasteurized milk which is 24 to 36 hours old from outside dairies when you can get fresh raw milk from your own home dairy, delivered morning and night, two hours after milking? Doctors recommend raw milk, not pasteurized from dairies like McMullins, for babies.
